

2016

United Way
of East Central Iowa

CAMPAIGN

Strengthening Local Families

Lindsay was an active member of her community. When she started using drugs seven years ago, she didn't know how much her life would change.

**Lindsay explains,
“I realized it was a
problem when I wanted
to stop and I couldn't.”**

The Drug Enforcement Administration raided her house. A week later, the Department of Human Services removed Lindsay's children from her care. From there, Lindsay heard about ASAC's Heart of Iowa program and within six weeks, she had a place in the program.

Follow Lindsay through her journey to recovery by watching the full video at uweci.org/2016campaign.
