

This is Andy. He is thirteen years old and lives with his parents and younger brother. Andy has been having a tough time at home and at school, and recently needed a safe space away during a family crisis. After calling United Way's 2-1-1 helpline, Andy spent a few days at Foundation 2's Youth Shelter. During his time at the shelter, Andy talked with counselors, who helped him and his parents create a plan to return home. This is just one example of how UWECI connects the dots for our neighbors in need.
