This is Alex. He is four years old and lives with his parents and older brother. Alex's childcare center recently closed, and his parents, John and Irene, were left to search for other options, but were unable to find an alternative. Because of this his mother was forced to leave her job to stay at home with Alex.

Through a collaborative community impact assessment - YOU - our community, told us childcare was one of your greatest needs. At United Way of East Central Iowa (UWECI), we are addressing this need by focusing on Childhood Success. Childhood Success addresses the early years of a child's life, which sets the tone for future success in education and well-being.
