

OUR
GOAL:

UNITED IS THE WAY

By reaching our goal as a community,
we can create lasting change in:

75%

Financial Security

We believe every person should have the opportunity to move beyond survival and build a stable, secure future. This means friends and neighbors have a safe home and a quality job, creating a strong foundation for success.

50%

Healthy Community

We believe every person should have the opportunity to achieve their best health and well-being. This means local individuals and families have access to nutritious food and healthcare.

25%

Youth Opportunity

We believe every child should have the opportunity to create a successful future and become tomorrow's leaders. This means kids have access to educational resources, like early childhood learning, out-of-school opportunities, and a path to college and career.

Community Resiliency

We believe every person should have the opportunity to live in a community that thrives through any challenge. This means our community can prepare, respond, and recover from any emergency, becoming stronger than we were before.
