

SOLUTIONS IN ACTION

AMAZING THINGS HAPPEN WHEN WE WORK TOGETHER.

THE COMMONS ON 16TH - WEEK OF IMPACT

To make the former CRST training facility a place to call home, United Way of East Central Iowa hosted a Week of Impact - five days of painting walls, moving furniture, light carpentry, and more.

The Week of Impact brought together a volunteer need and local companies, providing them with the opportunity to show up for their neighbors in need.

“We have an incredibly caring community and instead of folks doing a little here and a little there on their own, we collectively harnessed our unique abilities to get The Commons on 16th ready to open and be a home for individuals experiencing homelessness.”

KRISTIN ROBERTS

United Way of East Central Iowa

Over 100 volunteers rolled up their sleeves to complete various projects for getting the facility move-in ready.

Volunteers transformed simple tasks, like moving furniture and painting walls, into a place individuals can call home.
